Viewing Cars

Logging onto the website, you are able to view a list of the cars in the current catalogue

Toyota Camry	x10 in stock
<hr/>	
Red Sedan	
A reliable midsize sedan	
\$25,000	2025-03-30, 7:40:11 p.m.

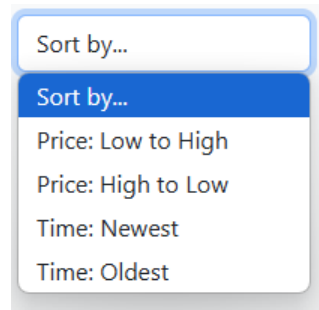

You are able to view the car brand, the make and model. A description of the car is given as well as the price and how many of the cars are in stock.

Searching Cars

If you are looking for a specific car, or trying to find cars relevant to your query, you can search for them and the catalogue will return relevant cars to your search.

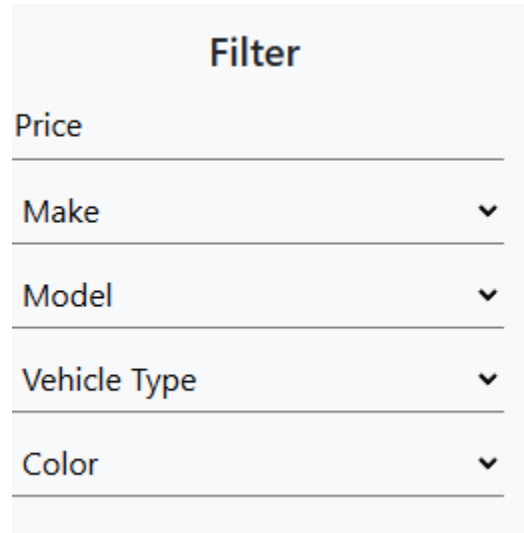

Filtering and Sorting

Sorting

On the top right of the screen, you will see a sort button. Using this button you are able to sort the catalogue with whatever preference you pick. For example if you pick the “Price: Low to High” the catalogue will display the cars from cheapest to more expensive.

Filtering

You are also able to filter the catalogue, i.e only show the specific cars you want. For example if you are only interested in Toyota cars, you can filter by make for specifically toyotas and the catalogue will only display toyota cars.

Registering Account

Register

You are able to create accounts by submitting a valid username and password
